

Trailer Rental Requirements

✓ Valid Driver's License

You must have a valid, government-issued driver's license to rent any trailer. This helps us verify your identity and ensures you're legally allowed to tow.

✓ Proof of Insurance

All renters need to provide proof of auto insurance that covers towing. This protects both you and our equipment while you're on the road. If you're not sure if your policy covers trailer rentals, contact your insurance agent before booking.

✓ Safe Towing Vehicle

Your vehicle must be equipped to safely tow the trailer you choose. This includes the proper hitch, electrical connections, and towing capacity. If you need help determining if your vehicle is ready, just ask — we're happy to help.
